## NEBOGATOFF'S DIVISION SIGHTED

British Steamer Passed It Off Jugrah, Midway Between Island Of Penang and Singapore.

## IT IS A BRITISH PROTECTORATE

That Fact Is Considered Liable to Develop an Interesting Situation.

## HAS HOSPITALITY BEEN EXTENDED

Some Indications That Way—Not Yet Certain Ships Are in Britain's Territorial Waters.

Singapore, May 4.—The British steamer Selangor which arrived here today reports having passed a division of the Russian warships off Jugrah, midway between the island of Penang and Singapore, at 9 o'clock this morning.

## WARSHIPS IDENTIFIED.

London, May 4.—The identification of the warships sighted by the steamer Selangor in the Straits of Malacca this morning as Russian warships, a division of Admiral Rojestvensky's squadron is considered liable to develop an interesting situation. Jugrah, off which the division was seen, is a town of the state of Selangor, which is a British protectorate and is not far distant from the point where a Russian division was sighted as long ago as April 27. It is not yet known whether the Russian warships are within territorial waters or whether they are claiming supplies from neighboring land.

A brief telegram on the subject from Singapore, however, is taken to indicate that for a week the Russians have been practically enjoying the hospitality of the waters of Japan's ally in the same manner that Admiral Rojestvensky's ships have utilized French waters in the China sea.

A cable dispatch received in London this afternoon says that two of Heboogoff's transports have put into Saigon, on the north coast of the island of Sumatra with their bows steered in easterly having been in collision. Their names are given as the Marietta and Hermine Messenmuller.

## FOURTH DIVISION.

Island of Penang, Straits of Malacca, May 4.—The British warships sighted by the steamer Selangor this morning have been identified as the Fourth Division of the Russian Pacific Squadron, commanded by Rear Admiral Nebogatoff.

## PASSING MALACCA.

Malacca, Straits Settlement, May 4, 4:30 p. m.—A Russian division consisting of four battleships, an armored cruiser and a gunboat, accompanied by five colliers is now passing Malacca head south.

## SECOND SQUADRON DAMAGED.

Amar, China, May 4.—A typhoon which swept over the coast of south China this week is said to have damaged the Russian Second Pacific Squadron considerably. The lighter vessels are reported to have been scattered.

## TROUBLE IN WARSAW.

Warsaw, May 4, noon.—Disturbances occurred in several parts of the city this morning and an extension of the strike appears imminent. In the Wola district workmen forcibly stopped the street cars and cable cars.

## TO PROTECT HIS FACTORIES.

Russian Sugar Refiner Authorized to Raise Military Company.

St. Petersburg, May 4.—The government has granted permission to M. Tschernobouk, a Russian sugar refiner of Kiev, whose property was greatly damaged by rioters in March, to organize a military company of 150 men to protect his factories and other property. This is the first time that the organization of a private military force has been authorized in Russia.

## SHOT BY COSSACKS.

Seven Persons Fatally Wounded in Lodz.

Lodz, Russian Poland, May 4.—Seven persons were fatally wounded by a Cossack patrol yesterday evening, which fired into the midst of a crowd engaged in singing patriotic songs in front of the Church of the Cross. A number of bullets entered the church doors and struck the altar, causing an explosion among the congregation. After the crowd had been dispersed workmen captured a detective, who was nearly to death before he was rescued. Further disturbances are anticipated today.

## HOUSES BARRICADED.

And All Business Traffic Stopped.

## GEN. SHUVALOFF Appointed Prefect of Police for Moscow.

St. Petersburg, May 4.—Maj.-Gen. Shuvaloff, hitherto attached to the ministry of the interior, has been appointed prefect of police of Moscow in place of Gen. Volkoff, who has been transferred to the governorship of Taurida, southern Russia.

## PRESIDENT'S PARTY STILL SNOW BOUND.

Glenwood Springs, Colo., May 4.—The sun is still hidden from the president and his fellow hunters who are in camp on the West Divide creek. Rain and snow are falling intermittently, though there is promise of a break for the better. Less than three days remain for the party to reach Glenwood Springs and if any further delay occurs, the start must be made today. It is possible, however, that the party will be able to reach Glenwood Springs tonight and one on the West Divide creek tomorrow night. The latter camp would be within easy riding distance from this city.

## GIRLS KICKED AND BEATEN.

Striking Collar Starchers in Troy Commit the Outrage.

Troy, N. Y., May 4.—A crowd which at times numbered four or five thousand persons surrounded the collar factory of C. H. Penobdy & Co. yesterday where a strike has been inaugurated by the collar starchers. Disturbances were frequent. Girls still at work were kicked and beaten as they entered or left the factory. The women had their clothing torn off. Police and deputy sheriffs were overpowered and there was talk of calling upon the governor for the new provision of state militia. The collar starchers are demanding a 10 per cent increase in wages and the installation of starching machines.

## BIDS FOR WORK AT PANQUITCH SCHOOL ARE ALL IN EXCESS

(Special to the "News.") Washington, May 4.—Bids for the construction of a brick dormitory, water and sewer system and power house, removing the barn and erection of a brick hospital at the southern Utah school at Panquitch, Utah, have been opened. There were four bidders, as follows: P. P. Denver, \$33,000; A. G. Young, \$34,000; H. C. Smith, \$35,000; and H. C. Smith, \$36,000. It appears, however, that all bidders are in excess of the amount available for the Panquitch school. The bids are now before Secy. Hitchcock, who may modify the specifications so that a proposal may be accepted from among one of the four submitted.

## MAYOR ENJOINED.

From Signing a Bill Granting a Gas Franchise.

Kansas City, May 4.—Judge E. P. Gage, in the city court today, issued an order, upon petition of several prominent citizens, enjoining Mayor J. H. Neff from signing a bill recently passed by the city council granting a franchise to Hugh McGowan of Indianapolis and others, to furnish the city with natural gas. The promoters agreed to furnish gas to be pumped from the Kansas field, at 25 cents a thousand feet for the first five years, after which the price was to be 30 cents. The petitioners allege that the franchise gave the McGowan a monopoly and that it was the last day the mayor had in which to sign the bill.

## Anti-Strikebreakers.

Elmhurst, N. Y., May 4.—There was a demonstration today against strike-breaking miners at Morris Run, Pa. Fifteen hundred strikers marched in a body to Morris Run and took part in the demonstration.

## GRAND RESERVOIR LOCKS.

Second Attempt Within a Year To Destroy Them.

St. Marys, Ohio, May 4.—A second attempt within a year was made today to destroy the locks of the Grand reservoir.

## Fire in Kansasville, Kansas.

Mayesville, Kan., May 4.—A fire which started at 10 o'clock last night in William Crane's livery barn at Home City, destroyed 15 business buildings, leaving only the barn and two dwellers standing. The loss is \$100,000.

## Japanese Armies Concentrating.

Gumaba Pass, Manchuria, May 4.—The armies of Gens. Modan, Oka and Kuroki are concentrated along a line from the Pass with the right flank extended northwest. Gen. Kawamura is northeast and Gen. Nogi is west of it. The Japanese government has announced that the Japanese government has addressed France on the question of her neutrality but the nature of the correspondence is unknown.

## LITTLE COLORADO RIVER RECEDING.

Waters Reached Their Highest at 2 a. m. Today and Then Began to Fall.

## DANGER APPEARS TO BE PAST.

Holbrook Had a Narrow Escape—Inhabitants Are Returning—No Loss of Life Known.

Holbrook, Ariz., May 4, 5 a. m.—The flood waters of the Little Colorado river reached their highest here at 2 a. m. today and began slowly receding. At this hour it has fallen four feet and all danger appears to be past. The damage to Holbrook will be slight, but the town was saved by a very narrow margin, the river cutting to within 10 feet of the residences. The waters are still wearing away the banks next to the town, however, and all hands today are working to stop the cutting. Wool bags are being filled with sand and dropped over the bank into the river, forming a rip-rap.

At 1 o'clock this morning the Little Colorado river, normally a stream of insignificant proportions, was a raging torrent four and a half miles wide and filled to the edges with debris of all descriptions from the valley above. The damage to the rich valley through which the flood came will reach into the hundreds of thousands of dollars. The loss to the St. Johns community, where the first dam gave way, is estimated at from \$200,000 to \$250,000, including the loss of the dam which had been constructed at large expense to the community. The damage at Woodruff, below St. Johns, where the second dam was carried out, and the country surrounding it is estimated at about \$100,000.

The rich valley of the Little Colorado has suffered almost irreparably. The loss will fall chiefly upon farmers and ranchers of the valley and will total several hundred thousand dollars. It is likely that the country has been so devastated that the coming season will be an impossibility. So far as known, there has been no loss of life attending the dam break, with the exception of the one Mexican boy reported drowned at St. Johns. The warning sent ahead of the flood undoubtedly saved many, as it enabled the inhabitants of the valley to reach higher ground ahead of the water.

The inhabitants of Holbrook are returning to the city and it is expected by noon the town will have resumed its normal appearance. The Mexican household goods are being unloaded from the box cars where they were hastily piled with the expectation of hauling them out to save them from the flood. Merchants are returning stocks of merchandise to their stores which were emptied yesterday in the few hours intervening between when the first warning was received and the flood. The precautions taken to save the city from inundation cost the citizens and the Santa Fe Railway company a considerable sum of money but the work was effective, and the waters successfully resisted, although by a narrow margin. Had the waters risen a few feet more early this morning the town would have been flooded and practically wiped out. There is much rejoicing among the people of the town at its fortunate escape.

## THE VANDERBILT NECKLACE.

One Valued at \$50,000 Stolen by a Baggageman.

New York, May 4.—Dispatches received here from Miami, Fla., Florida, state that a diamond necklace owned by Mrs. W. K. Vanderbilt and valued at \$50,000, the loss of which had been kept a secret, has been recovered. As a result of the investigation, several baggage men of the Florida lines have been arrested. Mrs. Vanderbilt's necklace was stolen on her recent visit to Miami. With other jewels it had been placed in her trunk by a maid. When the trunk was opened no trace of it could be found, although nothing else was missing.

## PROVINCIAL RIGHTS.

Question Arises in Canada as Against Federal Rights.

Victoria, B. C., May 4.—The question of provincial and federal rights with regard to fishing privileges has arisen in a case heard before the supreme court by B. L. Short, who has refused permission to erect salmon traps on the foreshores fronting Victoria, although he has been given a federal license covering the establishment. The refusal by the provincial officials was on the ground that the site was outside the territory designated upon an open for traps. The British Columbia officials contend the rights of the province are not confined to the foreshore above low water mark but extend to the entire beach. The Dominion right is not contested.

## FRENCH NEUTRALITY.

Press of Tokio Continues Its Sharp Criticism of It.

Tokio, May 4.—The press of this city continues its sharp criticism of French neutrality in Indo-China waters, and expresses surprise and indignation at what it describes as the elasticity of France's pledge.

## CHICAGO AGAIN SCENE OF VIOLENCE

Police Apprehensive of the Nineteenth Anniversary of the Haymarket Riots.

## TROOPS MAY BE ORDERED OUT.

Labor Leaders Bitterly Opposed to Move While Mayor Dunne is Very Much Disinclined.

Chicago, May 4.—On the nineteenth anniversary of the Haymarket riot, when eight persons were suddenly blown to pieces and 66 were frightfully wounded, the police today again found themselves coping with mobs. Recalling the tragedy enacted 19 years ago when Inspector John Bonfield led 182 policemen into Haymarket to suppress a riot, old-time policemen looked thoughtful today and watched suspiciously for a sign of a possible repetition of the scene which confronted their associates in Haymarket. Dynamite, however, was not generally looked for except as a bare possibility from some irresponsible individual unconnected with any organization.

## NO CESSATION OF VIOLENCE.

With employers preparing to address a demand for troops, violence in the teamsters' strike showed no cessation today. The very first outbreak resulted in a fatality. The riot took place near the barns of the Employers' Teaming company in Eighteenth street, near State. Charles Riebling, a white man, who resides in the vicinity, received a fractured skull and is expected to die. He was standing in a crowd which started to jeer a non-union colored teamster who was guarded by five detectives. The negro suddenly picked up a stone and threw it into the crowd. Riebling was struck on the head and sank to the ground unconscious. The crowd chased the negro into the stable of the teaming company, but were driven back by private detectives wielding "blisses" and pieces of gas pipe. Police reinforced the rioters and the crowd began to demand that the negro be surrendered. The police entered the stable, but were unable to find Riebling's assailant. He was taken to the People's hospital.

The police today announced that they were prepared to escort 500 wagons for the wholesale and retail strike-bound stores, and 200 express wagons. This, it was stated, would be the greatest number of wagons moved in one day since the beginning of the strike.

## NON-UNION MAN SHOT.

During a second disturbance at the stable of the Employers' association in Eighteenth street today, John Danberry, a non-union colored teamster, was shot. He had attempted to strike a boy who shouted an offensive epithet. A number of strike sympathizers immediately made for the negro and began to throw bricks and stones at him. Private detectives rushed to Danberry's aid. A general fight ensued during which Danberry received a bullet in the leg. Joseph Lang, barn boss for a large mercantile firm, was arrested, charged with the shooting.

The Chicago teamsters' association, consisting of large teaming firms not affiliated with the Employers' Teaming association, made a new move today to break the strike. The teamsters' association was specific that it would not be drawn into the strike and would continue to deliver goods to the drivers who refused to make such deliveries.

With employees wearing heavy revolvers and cartridge belts unconcealed, the American, National, the Pacific and the Northern express companies today followed the example of the United States Express company and sent out their drivers under the escort of 100 policemen.

## TACTICS MODIFIED.

The Employers' Teaming association modified tactics by taking a police guard with each wagon sent out. Yesterday the Employers' association sent out wagons guarded only by private detectives. The police today were called on the scene and the tactics of the Employers' association that the private guards were responsible for the rioting if not the greater part, of the rioting.

While further additions to the ranks of idle teamsters are expected when the ultimatum of the P.M.D. Dealers' association is enforced, the order was today held in abeyance. Hereafter the Feed Dealers have remained neutral, but last night they decided to notify their teamster members of the Hay & Grain Dealers' union that they would be expected to deliver stock to boycotted firms. The union has a membership of over 100.

Walsh, Doyle & Co., the Corbin & Sons company, and other grocery jobbers, in addition to the Harrison Express company, decided today to throw in their lot with concerns under the labor ban. Drivers were notified that they must take deliveries to all firms.

## MAY CALL OUT TROOPS.

Measures were being taken today to secure the ordering out of the Chicago brigade of state troops tomorrow. Notwithstanding the bitter opposition of the labor leaders to this move and the disinclination of Mayor Dunne to take the initiative, the Chicago Employers' association were determined to have their way. The city and state executives are said to have been arranged between Gov. Deneen and Mayor Dunne for tomorrow evening.

## NAN PATTERSON NOT ACQUITTED.

Jury Failed to Reach a Verdict, Having Hopelessly Disagreed, And Was Discharged.

## DEFENDANT FAINTED AWAY.

Understood a Majority Were for Acquittal—Not Improbable That Case May Never Be Tried Again.

New York, May 4.—Dramatic in the extreme were the closing scenes, early today, of the Nan Patterson trial before Recorder Goff on the charge of having murdered Frank T. Young, the well known turfman and bookmaker, in a cab last June.

About this time a crowd began to gather in the streets around the Tombs awaiting possible developments which might make it necessary for Miss Patterson to once more cross the bridge of Sighs between the prison and the court building.

Lawyer Levy went to the Tombs prison shortly before noon today to have a conference with Miss Patterson, but found her so prostrated as to be unable to talk with him. Mr. Levy left without attempting to discuss the case with her. He said that Mrs. Patterson was in a highly nervous state.

"Gentlemen, have you been able to reach an agreement?" asked the recorder of the jury.

"No, sir," replied the foreman. "Is there any question of law or evidence in which I can instruct you? Is there any way in which the court can help you?"

The foreman looked for an instant at his fellow members of the jury, then turned to the recorder and said: "No, sir, I don't believe you can help us."

"Then you will retire to reconsider the matter." The jury filed out and the courtroom was cleared. Recorder Goff remained in his chamber ready to receive a verdict if rendered or to further instruct the jury.

When the foreman had finally assured the court that there was no possibility of reaching an agreement, the prisoner was in a dead faint. At 2:28 o'clock the recorder declared the jury discharged, and ordered Miss Patterson returned to the Tombs prison. She was carried out in a chair by several attendants and two nurses. Various rumors gained currency as to how the jury stood. Information received by the Associated Press is that the poll was seven to five in favor of acquittal.

It is quite certain that the former show girl will be given her liberty on nominal bail and that the indictment will be quashed. She has faced trial three times, twice in jury disarray, and once there was a mistrial owing to the collapse of a juror.

In the court annals of this city Nan Patterson is yet approached the tenacity of the climax of the Haymarket riot. When Recorder Goff was summoned to court soon after 1 o'clock the room was filled with spectators, two of whom were women, who had come to see the trial. Only a few persons were permitted to enter, but the streets surrounding the Tombs and the courthouse were thousands awaiting the outcome. When the jury filed out on the bridge leading from the prison they watched for a possible glimpse of the prisoner who, they hoped, might pause at a window to catch a last look at her captors. They were somewhat disappointed. They evidently favored the young woman and had expected her acquittal.

## GETTING READY FOR COAST TRIP.

Salt Lakers Will Take Full Advantage of Senator Clark's Invitation.

## WILL LEAVE HERE IN BUNCHES.

Somewhat Perplexed Over the Matter Of Suitable Headgear, Etc., Etc.

## OFFICIAL YELL FOR THE OCCASION

Railroad Company Has Big Job on Its Hands, But Promises to Take Good Care of All.

"We have just arrived over a brand new track. This is a hot old time, but we are going back."

After due deliberation in strenuous convalescence assembled, the entertainment committee of the Commercial club invitation excursion, this morning decided that the above be the official yell of the invaders from Salt Lake at all stopping places and Los Angeles during their absence from Utah. This stanza, the name of whose author was mercifully suppressed, improves upon second thought—it carries the idea that while Los Angeles may be a splendid city, and its inhabitants the prince of good fellows, at the same time the Salt Lakeers are going home to the Gem among the mountains in due season.

At the Commercial club there was an air of strenuousness apparent. In the secretary's office, such military was displayed upon the table and chairs, in the form of neat, weird, natty and impossible caps and hats of all shapes and sizes which enterprising outfitters with insinuating and "snooty" tongues were endeavoring to demonstrate was just the proper thing for the invaders to assume in the way of headgear wherever they be distinguished from the ordinary pedestrian on the streets of the City of the Angels.

## NAN'S NERVES UNSTRUNG.

Nan Patterson lies very ill in the Tombs prison today, her nerves completely unstrung by the ordeal of her trial and her dramatic experience in court at two o'clock this morning when the jury rendered its verdict.

Her lawyers worked hard today to secure her release at once on bail but up to 2:30 had not been able to communicate with the district attorney and did not know his intentions regarding the case. Bail was ready in any sum, they said, and they hoped to secure her freedom in a day or two at the latest.

## All on Board Drowned.

Newport, R. I., May 4.—The tug Gertrude put into this harbor today and reported the loss of a tug, a schooner, the barge Moonbeam off Point Judith last night, with all on board, including the captain, engineer, steward and two children of the captain. The tug Gertrude, the tugboat did not know the names of any of those drowned.

## HELD ON SUSPICION.

Three Young Men Thought to Have Robbed B. S. Schmidt.

At 7:15 this morning Officers Selgus and Carlson arrested three young men named Fred Webster, T. W. Bridger and Richard Tracy, on suspicion of being the holdups who robbed B. S. Schmidt early this morning. The prisoners had nothing to do with the robbery, but they are being held pending investigation.

## DAMAGED BY FIRE.

Nineteenth Ward Meetinghouse Scene of a Destructive Blaze.

The Nineteenth ward meetinghouse had a narrow escape from destruction by fire at 10:30 this morning, the blaze being caused by defective wiring.

The building is situated on Fourth North and Center streets. The fire was observed by a passerby, who telephoned in an alarm, and the apparatus from No. 2 responded quickly, and after a stubborn fight of several minutes, got the blaze under control before it got a good start in the roof.

The east side of the stand, the two bays and part of the floor were damaged to the extent of \$400. It was necessary to use the big hose to quench the flames. The wiring being defective caused some of the insulation to drop off, and the recent rains soaked the woodwork, and the electricity going into the wood did the rest.

## WANTED IN LOS ANGELES.

Henry Dallas, a Soldier, Suspected of Grand Larceny.

## GETTING READY FOR COAST TRIP.

Salt Lakers Will Take Full Advantage of Senator Clark's Invitation.
